

INTRODUCING G2 CRX SERIES MOWERS

AVAILABLE IN both rigid and tri-deck configurations, the CRX is one of the most popular Wessex machines to date.

- ✓ **PROVEN TO PRODUCE THE HIGHEST QUALITY OF CUT ON THE MARKET IN ALL WEATHER CONDITIONS**
- ✓ **LOW TRACTOR HP REQUIREMENTS** – Achieve wide cut widths with small tractors
- ✓ **MINIMAL MAINTENANCE** – Reduced grease points that are easily accessible.
- ✓ **HIGHLY VERSATILE** – Able to produce superb results in a variety of applications

KEY FEATURES & BENEFITS

- ✓ **ANTI-SCALP ROLLERS** – Prevents scalping
- ✓ **ALL SPINDLES GREASABLE ABOVE THE DECK** – Ease of maintenance
- ✓ **SIMPLE BELT ADJUSTMENT** – Ease of maintenance
- ✓ **BELT DRIVE ON MOWER DECK** – For ultimate driveline shock protection
- ✓ **ROLLERS ADJUSTED BY SIMPLE SCREW-THREAD MECHANISM** – Simple height adjustment
- ✓ **HIGH BLADE TIP SPEED** – Premium finish at fast forward speeds
- ✓ **BAFFLES AROUND BLADES** – Even grass distribution
- ✓ **SIMPLE CUTTING HEIGHT ADJUSTMENT** – From 10mm - 110mm

When only the best will do...

King's Hall School TAUNTON

“ At Kings Hall School, we previously cut nine hectares of outfield with hydraulic gangs. This meant we had to mow at lower cutting heights to stay on top of the grass, which resulted in greater frequency of mowing and in turn, lost man hours, wet mowing, grass clippings, greater compaction and moss through the winter.

It was an area that had to be addressed, so we looked at four brands of trail rotary mowers that cut at 40mm in both wet and dry conditions. The Wessex CRX 320 delivered. It has the best finish, disperses all clippings, is the most robustly built, has easy controls, clearly marked greases points, very straight forward height adjustment and the transport position makes it easy for cleaning the mower. On top of that, the price was great and the offer of three years warranty strengthened our faith in the machine.

We are now 14 months into owning a CRX 320 and have had no issues, plus there is still plenty of meat left on the blades. We are delighted with the performance, and it has enabled us to maintain our grass at a greater height and reduce the cutting frequency.

I'm not keen on mowing in the wet but respect that sometimes needs must. The CRX 320 cuts brilliant in all conditions and still manages to disperse all grass clippings with ease. The rear rollers leave a very polished finish and we have received great feedback on both the condition and presentation of the outfields.

The move to the Wessex CRX 320 has played a huge part in this. “

CRX-320
KING'S HALL SCHOOL, TAUNTON

✓ **IDEAL FOR:** LARGE AMENITY AREAS, SCHOOLS & UNIVERSITY, SPORTS PITCHES, POLO & RACECOURSE & GOLF

The Wessex **PROLINE CRX-320** is the most nimble, precise, ground hugging Wessex machine to date. For an exceptional mowing experience in all weather, look no further than the CRX-320.

The CRX-320 is the perfect mower for maintaining your golf course or sports turf, and it just loves undulations. This nimble mower will hug ground contours whilst providing an incredible striped finish.

- ✓ **SUITABLE FOR TRACTORS FROM JUST 35HP**
- ✓ **FOLLOWS GROUND UNDULATIONS WITH EASE**
- ✓ **EXCEPTIONAL FINISH IN ALL WEATHER CONDITIONS**

UNIQUE FEATURES & BENEFITS

- ✓ **FULL WIDTH ROLLERS FRONT & REAR** – Precision cut and full width stripe on the turf
- ✓ **COMPACT ROLLER CONFIGURATION** – Maximises ground contour following
- ✓ **EXCELLENT FLOATING CAPABILITIES** – Hugs the undulations closely
- ✓ **WIDE ANGLE PTO** – Zero turn capabilities
- ✓ **REQUIRES ONLY 35HP TRACTOR** – Economical to operate
- ✓ **REQUIRES ONLY ONE DOUBLE ACTING SPOOL VALVE** – Complements the simplest tractor
- ✓ **TURF TYRES** – Minimal turf compaction
- ✓ **THE DUALFORCE ROLLER SYSTEM (PATENT PENDING) WITH TWIN BEARINGS** – Innovated to increase bearing life in demanding applications. Designed to withstand side thrust when turning during mowing
- ✓ **OPTIONAL HIGHWAY KIT** – Allows road legal towing

CRX TRI-DECK MOWERS

| | CRX-320 |
|-------------------------|----------|
