

ATV LAND ROLLERS

ATV BALL HITCH

WESSEX LAND ROLLER

A Wessex land roller is perfect for maintenance of lawns, paddocks and pitches.

Whether you tow them behind a compact tractor, a 4x4, or an ATV, Wessex land rollers will firm up the soil after a hard winter, and improve soil/root contact to enhance spring growth.

NEED MORE WEIGHT? NO PROBLEM - JUST ADD WATER!

The roller weighs up to 550kg when completely filled, and with a choice of clevis or ball hitch, you're ready to roll!

ATV ACCESSORIES

As manufacturers and distributors of one of the UK's largest range of professional ATV equipment we also offer accessories to make your ATV even more versatile and useful.

As with our ATV machinery, all our accessories are built to the highest standards without compromise, which in turn means you can have complete peace-of-mind when using and relying on these products, every day.
